INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
New Wave Corporation
d/b/a KOPN FM Radio
Columbia, Missouri:

Opinion

We have audited the accompanying financial statements of New Wave Corporation d/b/a KOPN FM Radio (the "Organization") (a nonprofit organization), which comprise the Statement of Financial Position as of September 30, 2024, and the related Statements of Activities, Functional Expenses, and Cash Flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of September 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NEW WAVE CORPORATION
d/b/a KOPN FM RADIO
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Activities

New Wave Corporation, d/b/a KOPN FM Radio (the "Organization") is a not-for-profit that operates to provide a community access, listener sponsored, public radio station.

The majority of the Organization's funding comes from listener pledges and grants from the Corporation for Public Broadcasting.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, whereby revenues are reported when earned and expenses are reported when incurred.

Basis of Presentation

The financial statement presentation follows the requirements of the Financial Accounting Standards Board. Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor restrictions.

Net Assets With Donor Restrictions

Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash on hand and cash held in checking and money market accounts. The Organization considers all highly liquid investments, except those held for long-term investment, purchased with an original maturity of three months or less to be cash equivalents.

d/b/a KOPN FM RADIO
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Certificates of Deposit

Certificates of deposit are typically considered Held-to-Maturity (“HTM”) investments. HTM investments are, by definition, those for which management has the ability and intent to hold to maturity. Classification of individual HTM investments as current or noncurrent is based on the maturity date. Accordingly, investments with a maturity within one year of the date of purchase are classified as current, and investments with an original maturity beyond one year when purchased are classified as noncurrent.

Accounts Receivable

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial. The Organization had a balance of \$120 in accounts receivable as of the beginning of the year.

Property and Equipment

Property and equipment with a value of over \$500 and a useful life of one year or more is capitalized at cost, if purchased, or fair market value at the date of contribution, if donated. The cost of normal maintenance and repairs that do not add to the value of the asset, nor materially extend the asset’s life, are not capitalized.

Depreciation is provided on the straight-line method over the estimated useful lives of the assets, generally 5-15 years for furniture and equipment, 3-7 years for software and intangibles, and 15-40 years for buildings and building improvements. When assets are retired or otherwise disposed, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is reflected in income for the period. Depreciation and amortization expense for the year ended is \$20,127.

The Organization maintains a library of music. The collection of records, tapes, and compact discs number more than 70,000 individual selections and is believed by Management to have both historical significance and market value. Many of the items were donated to the Organization in prior years by the recording industry. In accordance with common industry practices in the public radio industry, the Organization does not reflect the library as an asset.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Leases

The Organization has implemented Accounting Standards Update (ASU) No. 2016-02 – *Leases (Topic 842)*, and ASU No. 2021-09 *Leases (Topic 842): Discount Rate for Lessees That Are Not Public Business Entities*, as amended, to account for leases for which the Organization is the *Lessee* and when the Organization is the *Lessor*. Upon adoption, the Organization has made an accounting policy election not to recognize right-of-use assets and lease liabilities that arise from short-term leases for any class of underlying asset. The Organization has also elected to use a risk-free-rate as the discount rate for any class of underlying asset when there is not an implicit rate.

As of the year ended, the Organization had no leases which required recognition.

Advertising

The Organization expenses advertising costs as incurred. Advertising costs for the year ended was approximately \$388.

Deferred Grant Revenue

Deferred Grant Revenue represents amounts received for which sufficient expenditures have not been incurred to be recognized as current year grant income by the Organization. As of the year ended, all grants received were recognized during the year.

Accrued Leave

The Organization considers vacation an expense in the year earned. Amounts unused and which are vested in the employee are payable upon termination. Sick leave is accrued by employees and may be carried over from year to year. However, employees are not entitled to receive payment for accumulated sick leave upon termination of employment. Accrued vacation and sick (Accrued Leave) totaling \$11,588 is included as a current liability as of the year ended.

Revenue Recognition

The Organization adopted ASU 2014-09 *Revenue from Contracts with Customers* and all subsequent amendments to the ASU (collectively, “ASC 606”) in a prior year. Management believes the standard facilitates presentation of useful and understandable financial reporting.

Grants: A portion of the Organization’s revenue is derived from cost-reimbursable grants, which are conditioned upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when expenditures have been incurred in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred income in the Statement of Financial Position. All grants have been recognized as of the year end.

NEW WAVE CORPORATION
d/b/a KOPN FM RADIO
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Revenue Recognition (Continued)

Contributions: All contributions received are considered to be available for the general program of the Organization unless specifically restricted by the donor. The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions. Contributions that are restricted by the donors are reported as an increase in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are received.

In-Kind Contributions

Donated material and equipment, if any, are recognized at fair value when received as in-kind contributions.

A number of volunteers have donated significant amounts of their time to the Organization; however, these donated services are not reflected in the financial statements since these services do not meet the criteria for recognition as contributed services.

Contributed professional services are recognized at fair value if the services received require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by a donation. Those amounts, when reflected in the financial statements as in-kind contributions, are offset by like amounts included in expenses.

Net Assets

The Organization follows the Financial Accounting Standards Board (FASB) pronouncement No. 2016-14, released August 2016, and effective for fiscal years beginning after December 15, 2017. The Organization reports information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions.

Net Assets without donor restrictions are not subject to donor-imposed stipulations. Revenues are reported as net assets without donor restrictions unless use of the related assets is limited by donor imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in the appropriate net asset classification. Board-designated funds are classified as net assets without donor restrictions.

Net Assets with donor restrictions are subject to donor-imposed stipulations. Generally, the donors of these assets permit an organization to use all or part of the income earned on related investments for general or specific purposes.

NEW WAVE CORPORATION
d/b/a KOPN FM RADIO
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Net Assets (Continued)

Grants and other contributions of cash and other assets are reported as with restriction support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulation time restriction ends or purpose restriction is accomplished, net assets with restrictions are reclassified to net assets without restrictions and reported in the statement of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as without-restriction contributions.

Functional Allocation of Expenses

The cost of providing the program and activities have been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the program and supporting services benefited.

Income Tax Status

The Organization is exempt from Federal and State income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified as an organization that meets the non-private foundation status under Internal Revenue Code Section 509(a)(1)/170(b)(1)(A)(Vi) since the majority of the Organization's income comes from gifts, grants, and contributions. Accordingly, no provision for income taxes has been included in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from these estimates.

NOTE 9 – IN-KIND CONTRIBUTIONS: (Continued)

Contributed services represent professional services received by professionals who have the skills and experience to execute described services. Professional services are valued at their fair value based on current rates for similar services. Services are used for management and general activities.

Contributed supplies are valued under a “like-kind” methodology considering the goods’ condition and utility for use at the time of contribution. Supplies are used in program services.

During the year, the Organization received a donation of a steel rail, which included installation costs with the value of \$4,050. The asset was capitalized during the year and is included in Property and Equipment on the Statement of Financial Position.

NOTE 10 – CONCENTRATIONS:

Financial Instruments and Credit Risk:

As of the year ended, Organization’s cash and cash equivalents with a high quality financial institution with a bank balance of \$331,315. The bank balance is in excess of the Federal Deposit Insurance Corporation (FDIC) limit of \$250,000, leaving the remaining balance under secured by \$81,314. The Organization’s cash is subject to various risks, such as interest rate, credit, and overall market volatility risks.

NOTE 11 – UNCERTAIN TAX POSITIONS:

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and applicable state law. The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Organization may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Organization and various positions related to the potential sources of unrelated business taxable income (“UBIT”). The Organization was not subject to UBIT for the years ended.

The Organization files a Form 990 in the U.S. federal jurisdiction. The Organization is generally no longer subject to examination by the Internal Revenue Service three years after the forms were filed.
